

JETTY

100% SOLUTION DYED POLYESTER

BOAT COVERS | BIMINIS | SPRAY DODGERS | UMBRELLAS

A VERSATILE & LIGHTWEIGHT FABRIC DESIGNED FOR MARINE & OUTDOOR APPLICATIONS.

Jetty is engineered with 100% solution dyed polyester. The lightweight construction is ideal for fitted covers that need to be removed and stowed on a regular basis.

Jetty is available in two finishes. Standard Jetty features an impervious waterproof backing and is ideal for countless applications including marine covers, outdoor umbrellas and general-purpose applications. Jetty Plus includes a soft, non-woven backing to avoid rub marks when the cover is subject to wind-flap and movement.

UV STABILISED

Jetty fabrics are UV stabilised which prevents them from fading under intense UV rays. It also increases the textiles' longevity and ensures easy cleaning.

HIGH ABRASION RESISTANCE

Jetty fabrics have a high abrasion resistance, meaning the fabric can withstand the wearing down or rubbing away by means of friction.

EXCELLENT STRENGTH TO WEIGHT RATIO

The strength to weight ratio of a given textile is the strength of the textile divided by the mass.

WATERPROOF

Jetty fabrics are coated with a waterproof finish.

MOULD & MILDEW RESISTANT

Jetty fabrics have been finished with a treatment that provides ease of maintenance by inhibiting mould and mildew growth. It also improves the textiles' longevity and makes for easy cleaning.

PRINTABLE

Sturdy enough to flow through a printer, Jetty is a printable fabric which can be beneficial for commercial applications. (Not including Jetty Plus).

5-YEAR UV WARRANTY

Jetty fabrics are supported with a 5-year warranty. Comprehensive care details are available from Ricky Richards by request.

APPLICATIONS

BOAT COVERS & HOODING

UMBRELLAS

OTHER COVER APPLICATIONS

Jetty is engineered with 100% solution-dyed polyester. The lightweight construction is ideal for fitted covers that need to be removed and stowed on a regular basis. Standard Jetty features an impervious waterproof backing.

Tensile Strength (ASTM D4034-09) (Grab method)		Warp: 1750 N/50mm, Weft: 1600 N/50mm	
Tear Strength (ASTM D1424-09) (Falling pendulum method)		Warp: 61N, Weft: 55N	
Roll Length	50m	Nominal Weight	255gsm

Jetty Plus includes a soft, non-woven backing and is available in Black, Charcoal and Navy Blue colours.

Tensile Strength (ASTM D4034-09) (Grab method)		Warp: 1645 N/50mm, Weft: 1465 N/50mm	
Tear Strength (ASTM D1424-09) (Falling pendulum method)		Warp: 64N, Weft: 64N	
Roll Length	30m	Nominal Weight	380gsm
