BLISS

EMOTIONAL PERFORMANCE FABRICS

by Citel®

BLISS is a new brand crafted by people who have been in the textile industry for a very long time. Inheriting the technical knowledge and resources of Citel – the premium outdoor performance fabrics manufacturer founded in 1875 in Sabadell, Barcelona – Bliss creators have added their own sensitivity and aesthetic perspective to this luxurious collection.

With premium features that include colour fastness, water repellency and weather resistance, the Bliss range is designed for outdoor upholstery applications, such as lounges, cushions, day beds and curtains, and is ideal for indoor use where durability is desired.

Made from 100% solution dyed acrylic, crafted from a process which infuses pigments directly into the fiber molecules, Bliss fabrics have far stronger bonds than those of other brands, where only the threads have been dyed.

The extensive collection includes a range of colours, textures and patterns, designed to elevate and enhance every space, and designed to withstand our Australian weather conditions.
